ANNUAL GENERAL MEETING

WILL BE HELD AT

KING EDWARD HALL at 8.00 pm

Wednesday 25th April 2018.

Following the AGM there will be a talk by Peter Hinze on

“Lindfield Wells”

There was a time when "The Burgers of Lindfield" were entirely dependent for their potable water supplies on their wells. The talk will introduce some of Lindfield's wells which are still accessible and how their levels are affected by other local environmental conditions..

After the meeting a glass of wine will be available for members.

All are welcome including non members.
